

## Premium Air Purifying Performance

Introducing the Airfree ELITE, the revolutionary air purifier that uses innovative filterless silent technology to eliminate viruses, mould, germs, allergens, and advanced activated carbon and particle capsules to tackle chemical pollutants, bad odours, and particles only when necessary. With its state-of-the-art technology, the Airfree ELITE provides the ultimate air purification experience.

With the added convenience of the app, not only can you easily monitor and control the Airfree ELITE settings from your phone, but you can also receive real-time updates on the indoor air quality.

Overall, if you're looking for a premium air purifier that can handle larger spaces and deliver excellent results, the Airfree ELITE is an excellent choice.

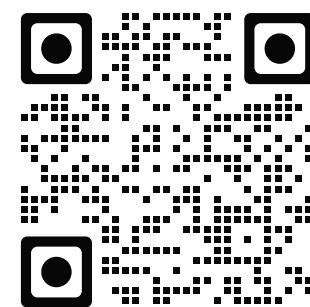

Higher capacity  
70 m<sup>2</sup>

Easy control: App,  
Alexa, Remote

# Airfree<sup>®</sup> ELITE

Premium Air Purifying Performance

Filterless Silent technology

# Exclusive filterless TSS™ technology

How does **Airfree®** sterilise the air?

- 01

Contaminated air enters into Airfree® by air convection
- 02

Microorganisms are destroyed at 200°C/ 400°F inside the exclusive TSS™ mini-ducts
- 03

The purified air is cooled down and is released in the environment

## Airfree® eliminates

- 

Viruses
- 

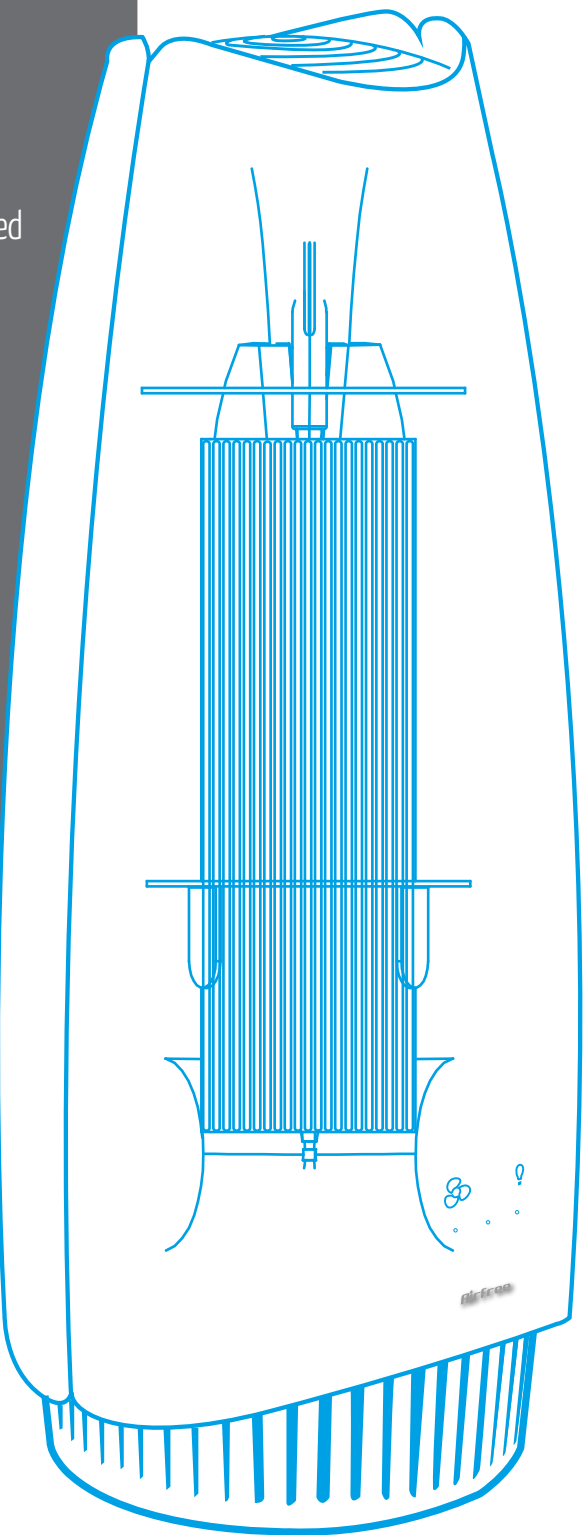

Dust mite allergens
- 

Mould
- 

Pet dander allergens
- 

Bacteria
- 

Pollens

# Particle Removal Capsule + Activated Carbon Capsule to be used if and when needed

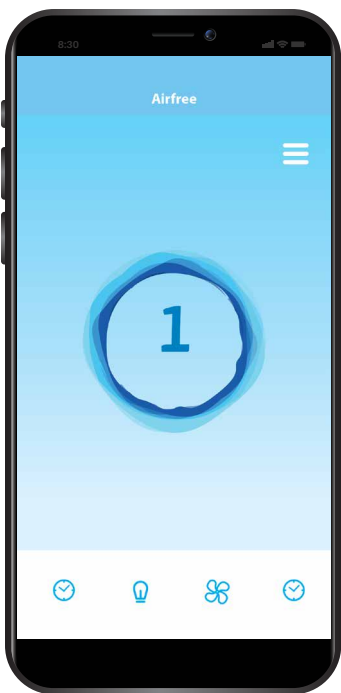

- 

Particles
- 

Odours
- 

Cigarette Smoke
- 

Chemical pollutants

## Easy control

Use the app, remote control, touch sensors, or voice assistant

Capacity 70 m<sup>2</sup>

# Airfree® advantages

- 

Filterless TSS™ technology
- 

Completely silent TSS™ technology
- 

Optional activated carbon and particle capsules
- 

Easy Control
